

## VETCARE: ONLINE VETERINARY APPOINTMENT SYSTEM FOR KINGDOM ANIMALIA

### Admin Side

**LOGIN PAGE** – Login page for the Administrator of the Kingdom Animalia Online Appointment System website. In this page, the Administrator will enter their login credentials then if it's right, the admin page will appear.

**Plate 1. Login page**

- I. **ADMIN PAGE** – This page is where the Admin can control and manage all the Create, Read, Update, Delete (CRUD) functions, Appointment Requests Management, and Content Management in the website which can be seen by the clients of the Veterinary Clinic.
- **Navigating through different parts of the Admin side:**
    - a. **SideBar** – The sidebar shows the different titles of the contents of the veterinary website, and once you click the title then a webpage will appear where the Admin can see the records and different controls that they can use to do a certain task.
    - b. **Current Logged in account** – The Admin can also see the name of the currently logged in account.
    - c. **List of Appointments** – In this page the admin can see the list of appointments of the clients who requests an appointment.
      - i. **View Button** – When the admin wants to see the full details of the client who requests an appointment just click the VIEW ICON button.
      - ii. **Delete Button** – If the admin wants to delete the record of the client who does not meet the scheduled date of their appointments just click the DELETE ICON button.

The screenshot shows the Admin interface of the VetCare system. The left sidebar contains navigation links: Appointment Requests (active), Inquiries, Inventory, Report Generation, Maintenance, Category, Services List, User List, Special Cases, and Settings. The main content area is titled 'List of Appointments' and features a table with 11 columns: #, Owner Name, Appointment Date, Email Address, Address, Contact, Pet Type, Breed, Age, Status, Comment, and Action. The table displays 5 entries. Entry 1 is confirmed, entry 2 is cancelled, entry 3 is cancelled, entry 4 is confirmed, and entry 5 is pending. Each entry has a 'View' (eye icon) and 'Delete' (trash icon) button in the Action column. The bottom of the table shows 'Showing 1 to 5 of 5 entries' and pagination controls for 'Previous', '1', and 'Next'.

#	Owner Name	Appointment Date	Email Address	Address	Contact	Pet Type	Breed	Age	Status	Comment	Action
